PROFESSIONAL SUMMARY

Diploma in Information Technology student (MSBTE, expected 2027) with hands-on experience building full-stack applications using Java, JSP/Servlets, JDBC, React.js, and SQL databases. Maintained 91.77% in the most recent semester. Comfortable across the stack, from relational database design to responsive front-end interfaces, with working knowledge of Git/GitHub, Apache Tomcat, and Google Cloud. Seeking a Java Full Stack Developer internship to contribute to production-grade software and grow as an engineer.

TECHNICAL SKILLS

Languages: Java, Python, C, C++

Web Technologies: HTML5, CSS3, JavaScript, React.js

Java / Backend: Java Servlets, JSP, JDBC, Hibernate ORM, REST APIs

Databases: Oracle SQL,

Tools & Platforms: Git, GitHub, Apache Tomcat, VS Code, Eclipse,

Core Concepts: OOP, Data Structures & Algorithms, DBMS, Exception Handling

PROJECTS

Student-Report-Card-Management-System | *Java Servlets, JDBC, JavaScript, HTML, CSS*

- Built a responsive **Student-Report-Card-Management-System** with reusable React components for menu browsing, cart, and navigation.
- Implemented React state management to handle food selection and cart operations.
- Managed the codebase with Git/GitHub, including branching and version control.

Product Billing System | *Java Servlets, JDBC, HTML, CSS, MySQL*

- Developed a web-based billing application that captures product name, price, and quantity via an HTML form.
- Implemented Servlet-based backend logic to calculate and display billing totals.
- Connected the application to a relational database using JDBC for persistent storage.

JSP Smart Calculator | *Java, JSP, HTML, CSS, Apache Tomcat*

- Built a web-based calculator supporting addition, subtraction, multiplication, division, and modulo.
- Designed a responsive, card-based UI and deployed/tested it on Apache Tomcat.

EDUCATION

Diploma in Information Technology — [College Name], Maharashtra (MSBTE)

Expected Graduation: 2027

- Semester results: Sem 1 – 83% | Sem 2 – 85% | Sem 3 – 82% | Sem 4 – 91.77%

CERTIFICATIONS

- HTML Essentials — Cisco Networking Academy
- Python Course — IBM
- Google Cloud / Generative AI Training — Google Cloud (Gemini, Vertex AI, cloud-based development)
- Java Full Stack- Internship certificate—IVTCE(OPC) PRIVATE LIMITED

ACHIEVEMENTS

- Scored 91.77% in Semester 4 of Diploma in Information Technology.
- Java Full Stack- Internship certificate—IVTCE(OPC) PRIVATE LIMITED
